Good afternoon.
Hope all are well. I wanted to share an update on the Queens Midtown Tunnel Marginal Streets Rehabilitation Project, which is nearing completion with milling and paving scheduled for this weekend. Starting **Friday night, 11/6 at 10:00 p.m. through Saturday night, 11/7,** there will be **intermittent closures of Marginal Tunnel Exit and Entrance Streets leading to and from the Queens Midtown Tunnel, from East 34th to East 40th Streets, between 1st and 3rd Avenues.**

The operation will begin on Friday night at the south side of the QMT Manhattan entrance and proceed through the overnight hours, so noise from the milling and safety beeping for vehicles is to be expected. This portion of the work is being done overnight as it would adversely impact traffic during the daytime. The operation north of the QMT Manhattan entrance will proceed during the daytime hours on Saturday. We appreciate your patience and understanding as we complete this neighborhood improvement work.

Thank you, and safe travels!
