NYC SUPPLEMENTAL RECORDS RETENTION AND DISPOSITION SCHEDULE

Department of Records and Information Services

OCTOBER 2019
Introduction

This Supplemental Records Retention and Disposition Schedule “Supplemental Retention Schedule” has been developed by the Department of Records and Information Services “DORIS,” in consultation with the Law Department. It supplements the guidance in the New York State Schedules, the MU-1 or ED-1 the purposes of this Schedule are to:

1. Ensure that records are retained in accordance with their respective administrative, legal and fiscal purposes;

2. Ensure compliance with all relevant city, state and federal standards;

3. Ensure that record series with enduring historical and other research value are identified and retained permanently in the New York City Municipal Archives; and

4. Encourage and facilitate the systematic disposal of obsolete records.

City agencies should review the Records Retention and Disposition Schedule (MU-1, or ED-1 for the Department of Education) prepared and issued by the New York State Archives and Records Administration (SARA) for guidance on retaining most records.

The Supplemental Schedule specifies retention periods for New York City agency records that differ from the retention periods recommended by the MU-1, in order to satisfy business, legal, audit and legal requirements. Agencies should adhere as closely as possible to the retention periods prescribed on the General Retention Schedule and the Supplemental Retention Schedule.

Retention that differs from the guidance in the Supplemental Schedule should be submitted to DORIS, for review by DORIS and the NYC Law Department.

We will continue to review and update the Supplemental Retention Schedule on a regular basis. These updates may include the addition, modification, and/or deletion of records categories descriptions and retention periods.
