doing business as

EMPIRE STATE DEVELOPMENT

and

NEW YORK CITY DEPARTMENT OF SMALL BUSINESS SERVICES

I. INTRODUCTION

THIS MEMORANDUM OF UNDERSTANDING (the “MOU”) dated as of this November 28, 2012 is by and among the New York State Urban Development Corporation doing business as Empire State Development (“Empire State Development” or “ESD”) and the City of New York (the “City”) acting through its Department of Small Business Services (“SBS”) (ESD and SBS collectively, the “Parties”), acting as representatives of New York State and New York City, respectively.

Empire State Development is New York’s chief economic development agency. Within Empire State Development is the Division for Small Business, which oversees a range of programs and resources beneficial to small business development and growth.

SBS makes it easier for companies in New York City to form, do business and grow by providing direct assistance to business owners, fostering neighborhood development in commercial districts, promoting financial and economic opportunity among minority- and women-owned businesses, and preparing New Yorkers for jobs and linking employers with a skilled and qualified workforce.

II. PURPOSE

Empire State Development and SBS are joined by a common mission to help small businesses and minority/ women owned businesses (M/WBEs). This MOU relates to joint efforts to help small businesses and M/WBEs secure surety bonds for construction and transportation related projects let by New York State and New York City agencies, designed to increase contracts awarded to small businesses and M/WBEs.

New York State has recently launched the New York State Surety Bond Assistance Program (“NYSBAP”). NYSBAP is an integrated program that provides technical assistance, training, and credit collateral support to contractors in need of surety bonds.
New York City has launched a new set of initiatives, referred to as *Compete to Win*, to help New York City small businesses and M/WBEs compete for and win City contracts. *Compete to Win* currently includes the following initiatives:

- **NYC Teaming.** NYC Teaming helps firms create partnerships that allow them to bid on larger contracts or pursue new City contracting opportunities.

- **Upfront Capital Loan.** Upfront Capital Loan connects vendors to short-term working capital loans to help fund upfront expenses of labor and equipment for M/WBEs and other small businesses awarded contracts with participating City agencies (Department of Transportation, Department of Design and Construction, Department of Parks and Recreation, Department of Citywide Administrative Services, Department of Environmental Protection).

- **Technical Assistance.** The Technical Assistance program provides free workshops and one-on-one assistance to prepare firms to compete for and perform on City contracts.

- **Bond Readiness.** Bonding Readiness helps small businesses, including M/WBEs, secure surety bonds for City construction projects.

- **NYC Construction Mentorship.** The NYC Construction Mentorship Program provides certified construction firms who bid on designated contracts with partnering agencies with greater access to City construction opportunities, a customized growth plan developed with a construction management firm, management classes, and on-the-job training services for contract winners.

The Parties will work together in the spirit of cooperation and open communications to coordinate these programs and initiatives, consistent with law, with the primary goal of meeting the needs of the small business and minority/women owned business community.

Each Party has separate services and resources which, when delivered in coordination with each other, will provide maximum benefits to the small business and minority/women owned business contractors served.

In order to further their common goals, the Parties agree to the following:
