OVERVIEW

Neighborhood 360° Fellows help community-based organizations complete commercial revitalization projects and connect local stakeholders to city resources. The fellows are paid by the NYC Department of Small Business Services (SBS) and are full-time community development professionals, community organizers, or planners. We aim to build a network of leaders prepared with commercial revitalization expertise and experience in New York City neighborhoods.

REQUIREMENTS

ELIGIBILITY

We are looking for Fellows who meet these minimum criteria:
1. New York City resident (within 90 days of the start date)
2. One or more year(s) of community outreach, organizing, and/or planning experience
3. Have an interest in economic development and working with the placement neighborhood/community.
   - Applications to become a 2019-2020 Neighborhood 360° Fellow are now open. Completed applications must be received by March 3, 2019 at 11:59 p.m. Please see the "How To Apply" section below for more information about the application process.

We are looking for Host Sites that meet these minimum criteria:
- Nonprofit community-based organizations (Business Improvement Districts, local development corporations, merchant’s associations, and others) that implement commercial revitalization projects and are operating in New York City and incorporated in New York State
- Able to assist in recruiting candidates and interviewing finalist fellow applicants
- Able to provide the fellow with a desk and supporting equipment (i.e. computer and access to organization’s phone)
- Time and willingness to act as a mentor for the fellow.
   - Applications to host a 2019-2020 Neighborhood 360° Fellow have closed. Applications for interested community-based organizations will open again in the Fall.

PROJECT SCOPE

Neighborhood 360° Fellows are placed in New York City community-based organizations for 10 months to implement impactful commercial revitalization projects and connect stakeholders to City resources. Types of projects include:

- Business Attraction/Retention: Attract new businesses or retain existing businesses to ensure commercial corridors have a diverse retail mix that serves the community and reduces the retail vacancy rate.

- Merchant Organizing: Lead the strategic planning, outreach, and organizing efforts to create a new or revitalize an existing merchants association.

Program Guidelines

- **Placemaking**: Cultivate a sense of place that capitalizes on the unique characteristics of the commercial corridor, incorporating key traits of the neighborhood and activating public space for the community.

**Fellowship Projects**

An overview of the projects for the 2019 – 2020 Neighborhood 360° Fellows cohort can be found on [nyc.gov/360fellows](https://nyc.gov/360fellows). An overview of all previous projects implemented by the Neighborhood 360° Fellows is accessible [here](https://nyc.gov/360fellows). One host site supervisor from the 2016 – 2017 cohort had this to say:

“The Neighborhood 360° Fellows program has been a tremendous asset for our organization. We are in the process of implementing initiatives we always wanted to but couldn’t due to capacity.”

— **Artineh Havan**, Former Executive Director of Grand Street Business Improvement District

### FELLOW RESPONSIBILITIES

**Program Participation**: All fellows are expected to attend and come prepared for all fellowship activities:

1. Three-week mandatory orientation training
2. Monthly Learning Days and Corridor Tours
3. Mid-term and closing presentations

**Execution of Projects**: To ensure each fellow is able to effectively engage all stakeholders and execute their project, fellows work with their host site supervisor to develop and agree to a project plan that defines the expectations of the project, familiarize themselves with the neighborhood and community stakeholders, connect small businesses on their corridor to resources available through the City agencies and their host site, and develop a Corridor Tour of their neighborhood.

**Reporting**: All fellows are required to report on their activities, outcomes, and engagement with businesses, as well as participate in check-in calls with the SBS Senior Program Manager.

### HOST SITE RESPONSIBILITIES

**Fellow Selection**: To ensure the selected fellow is the best fit for the project, organization, and neighborhood, all host sites collaborate with SBS to define the needs of the project, conduct outreach to promote the program opportunity to prospective applicants locally, and interview finalist fellow candidates.

**Supervision of Fellow**: All host site supervisors are expected to introduce their fellow to community stakeholders and assist fellows to plan a Corridor Tour; monitor the progress of a fellow’s project, and verify the fellow’s weekly hours worked; and participate in kick-off, mid-term, and closing events. Fellows are paid by SBS, and the host site supervisor must submit timesheets to SBS on a weekly basis. Host site organizations are also asked to provide a mentor to their fellow to help in the individual’s personal and professional development in the field.

**Site Requirements and Reporting**: All host site organizations must provide a work station for the fellow, including access to a phone and computer. All host site supervisors have regular check-ins with SBS, review fellow progress reports, and have an exit interview with SBS.

PROGRAM BENEFITS

By participating in the program as a...

Neighborhood 360° Fellow, you will have access to a variety of benefits. Following are some of the main benefits of the program.

- **Paid learning experience**: Fellows take part in trainings and site visits focused on professional development and commercial revitalization. All SBS trainings are paid work days.

- **Lead substantive community projects**: Fellows are full-time project managers or associates with their host sites and implement important neighborhood and commercial revitalization projects. The full list of project descriptions for the 2019 – 2020 cohort is available on nyc.gov/360fellows.

- **Network connections**: As a fellow, you’ll join a network of professionals with an interest in local economic development and urban planning. You will also connect with various community-based organizations working in New York City neighborhoods and City agencies through training days.

  “As Fellows, we meet with and learn from people who are leading the way in revitalizing neighborhoods throughout all five boroughs. We gained insight into strategies and best practices for enacting positive changes on a local level and enabling small businesses to launch, grow, and thrive.”
  —Ilana Teitel, Former Neighborhood 360° Fellow with Central Astoria Local Development Coalition

Neighborhood 360° Fellows Host Site, you will have access to a variety of benefits. Following are some of the main benefits of the program for host site organizations.

- **Project recruitment assistance**: SBS will work with all selected host site organizations to identify and then meet the human capital needs for the scoped commercial revitalization project.

- **Mission-critical capacity**: The program provides a free, full-time project manager or associate to implement important neighborhood and commercial revitalization projects.

- **Top, qualified performers**: The Neighborhood 360° Fellows program recruits talented applicants from diverse academic and professional backgrounds to ensure your organization is connected with the best candidate for your project needs. Fellows are engaged in trainings to boost their knowledge of key community stakeholders and community organizing skills, which exposes fellows to commercial revitalization strategies and resources for the commercial area and host organization.

- **Network connections**: As a host site organization, you’ll join a network of other community-based organizations who understand the importance of great leadership and talent. We convene host organizations during kick-off, mid-term, and closing events.

  “The training our Neighborhood 360° Fellow receives at SBS has brought an added value to the organization. She has current information about SBS services and trends and numerous connections.”
  —Lowell Herschberger, Director of Career and Education Programs for Cypress Hills LDC

Fellow Selection
What skills do the fellows have?
Fellows are community development professionals, community organizers, or planners with one or more years of experience. Fellows are not required to have commercial revitalization experience. All Neighborhood 360° Fellows receive training in commercial revitalization and other areas of local economic development during their orientation training.

Are all fellows college graduates?
Fellows are not required to have a bachelor’s degree.

How much are fellows paid?
Fellows are paid $33,000 for the 10-month fellowship and receive health benefits, as well as paid time off.

Program Elements
What do the fellows learn during the training sessions?
Fellows learn about different forms of local economic development, City agency services, and useful skill sets for their placement. Example topics include, training on commercial revitalization, placemaking, street activity permitting, pedestrian plazas, data collection and analysis, and business attraction and retention.

Can the project scope cover more than one commercial corridor?
The proposed project scope for the fellow can cover more than one commercial corridor, as long as these are corridors that the host site organization serves.
