Statement of Basis and Purpose of Proposed Rules

The proposed rules would amend existing Taxi and Limousine Commission (“TLC”) rules to eliminate the requirement that applicants for certain licenses issued by the TLC must prove their citizenship or residency status in order to obtain licenses. This change is made to enhance consistency of application requirements for the various licenses issued by TLC.

The proposed rules would preserve the TLC’s ability to verify the identity of those applicants who formerly had to prove their citizenship or residency status. Verifying identity is crucial to the completion of accurate background checks and fitness assessments, and therefore is necessary to protect the public interest in the safety and integrity of operations of the for-hire transportation industry. The proposed rules provide that each applicant must establish his or her identity by producing a government-issued photo ID and an original social security card. These standards will apply to applicants who are individuals, and to partners, officers, members and/or shareholders of applicants who are partnerships or corporations. The proposed rules leave unchanged the TLC’s ability to fingerprint applicants for the purpose of conducting criminal background checks.
