Statement of Basis and Purpose of Proposed Rule

The Taxi and Limousine Commission proposes changes to its rules governing the reporting of traffic accidents and the providing of information by the licensed driver to the injured or damaged party. Section 600 of the NYS Vehicle and Traffic Law requires a driver involved in a motor vehicle accident to exchange identification and insurance information with the injured party, or to file an accident report with the local police department. The purpose of this rulemaking is to clarify what type of information specific to a licensee must be exchanged.

In addition, the proposed rulemaking provides for uniform requirements and penalties for all licensees. This rule amends the version of the Commission's rules that becomes effective January 1, 2011.
