Statement of Basis and Purpose of Proposed Rule

On December 23, 2011 Governor Cuomo signed into law chapter 602 of the Laws of 2011, and on February 17, 2012, signed into law chapter 9 of the Laws of 2012, which amended the previous statute. This legislation allows New York City to issue up to 18,000 transferable licenses to for-hire vehicles authorizing them to pick up passengers by street hail anywhere outside Manhattan (except for the airports) and in Manhattan north of West 110th Street and north of East 96th Street. Up to 6,000 of these licenses for Street Hail Liveries can be issued in the first year of the program. Twenty percent of these licenses will be set aside for wheelchair accessible vehicles (City subsidies for accessible vehicle purchase/upgrades will be available).

These proposed rules will implement the state legislation, which outlines the characteristics of and the services that the new Street Hail Vehicles will provide to New York City residents and visitors. The state legislation and the proposed rules aim to improve access to safe, legal and convenient street hail service for the 6.7 million New York City residents who live outside of the neighborhoods where yellow taxi service is generally available.

The proposed rule changes are organized as follows:

- Amendments to Accessible Taxicabs (Chapter 53) and Medallion Taxicab Drivers (Chapter 54) to address driver training requirements and fees.
- Amendments to prohibit the use of the Street Hail Livery Vehicle color on any For-Hire Vehicles and Commuter-Van Vehicles not licensed as a Street Hail Livery (Chapters 59A, 60A, 61A).
- Eliminate the requirement that For-Hire Vehicles identify the Base Station License number on the exterior of the Vehicle (Chapter 59A).
- Amend the items required by Black Cars and Luxury Limousines to be displayed in the Vehicle (Chapter 59A).
- Requirements for base stations to affiliate a minimum number of Accessible Street Hail Liveries (Chapter 59B).
- Amend the documents required in a Paratransit Vehicle, and amendments to provide retirement waivers for Paratransit Vehicles affiliated with Bases which have a certain number of affiliated Accessible Street Hail Livery Vehicles or upon transfer of the Base License. (Chapter 60A, B).
- Amendments to new chapter on Street Hail Livery Service (Chapter 82) regarding affiliation restrictions, vehicle marking requirements, documents required in the Vehicle and other Vehicle equipment requirements for Paratransit Vehicles which are also Street Hail Liveries.

Purpose of Proposed Rules

The legislation enacted in Albany, which these proposed rules implement, authorizes the City to implement a program to issue permits to authorize hail service by liveries in certain areas of New York City. On April 19, 2012, the Commission passed rules to implement the program and these new proposed rules are intended to implement further changes based on staff and public input received regarding the program during the initial phase of rulemaking.
