Pre-Qualified Vehicles for the BEV Taxi Pilot Program

Considering a variety of factors for taxi operations including interior volume, passenger comfort, ease of passenger entry and exit from the vehicle, and battery range, the TLC has identified a list of pre-qualified battery electric vehicles (BEV) for this pilot program, including the vehicle trims.

- Tesla Model Y, *Long Range AWD*
- Volkswagen E-Golf, *SE, SEL Premium*
- Volkswagen ID.4, *Pro RWD, 1st Edition, Pro S*
- Volkswagen ID.5, *Pro AWD, Pro S AWD*
- Hyundai Ioniq Electric, *SE, Limited*
- Audi E-Tron, *Premium Plus Quattro, Prestige*
- Kia Niro EV, *EX FWD, EX Premium FWD*
- Mustang Mach-E, *Select, California Route 1, Premium RWD*

Please note that battery electric vehicles that are not pre-approved for this list may still be considered for the Pilot Program. For more information, contact electricvehicles@tlc.nyc.gov.
