New York, NY 10004

Starting May 18, 2020, the TLC will begin issuing TLC driver licenses with a new design. This change is being made to streamline the new application and license renewal processes, allowing the TLC to reduce the time needed to print and mail a TLC license. Initially, only drivers with New York State licenses will receive the new license design when their current license expires.

The current TLC driver license remains valid. New York State licensed drivers with the current design will receive a license with the new design when they renew their license. The TLC will continue to issue licenses in the current format for non-New York State DMV license holders until further notice.

For more information on the new TLC Driver License, please visit the TLC website: www.nyc.gov/tlc.
