NEW YORK CITY
TAXI AND LIMOUSINE COMMISSION

Minutes of Commission Meeting

September 12, 2013

Present:

David Yassky, Commissioner/Chair
Iris Weinshall, Commissioner
Frank Carone, Commissioner
Elias Arout, Commissioner
Nora Constance Marino, Commissioner
Lauvienska Polanco, Commissioner
Meera Joshi, General Counsel

1. Chairman Yassky called the meeting to order at 9:40 a.m. with Commissioners Weinshall, Carone, Marino, Polanco, and Arout present and reported on the following;

   • The Chair reported that approximately 2,400 Street Hail Livery licenses have been issued and that of those 2,400, about 750 were issued for accessible vehicles. Of the 2,400 licenses issued, about 120 have completed the remaining steps of painting the vehicle green and installing the required equipment and are now operating on the road.

   • The Chair announced that the TLC has published proposed rules, prohibiting a livery vehicle from being painted green unless the vehicle is a Street Hail Livery vehicle. This rule is intended to prevent counterfeit SHL vehicles from operating without an SHL license.

   • The Chair announced that the TLC has made provisions for dismissing tickets issued to FHV drivers for picking up a street hail if they are in the process of obtaining an SHL license. If an FHV driver is not in the process of obtaining a license, they are still subject to enforcement measures for accepting street hails.

   • The Chair announced that the TLC has formally approved the Taxi of Tomorrow vehicle under its contract with Nissan.

   • The Chair announced the TLC’s Employee Recognition Day on September 16, 2013, recognizing TLC employees that have served the city for 15 years or more. Chairman Yassky extended an invitation to all of the Commissioners to attend the ceremony.

   • The Chair announced that the TLC denied two petitions to initiate rule making, one from the Greater New York Taxi Association requesting a rule requiring an interior
sign warning passengers that the driver is liable for all credit card overcharges if a credit card is processed outside of the TPEP, and one from the New York Taxi Workers Alliance requesting a rule allowing drivers whose suspensions have been lifted to have immediate access to TPEP if they show a TPEP vendor a DMV abstract or TLC printout showing that their suspensions have been lifted.

2. TLC’s Deputy Commissioner for USB Ray Scanlon and Assistant Commissioner Sherry Cohen gave a presentation on USB’s recent enforcement efforts. The presentation highlighted TLC’s growing inspector head count, TLC’s “poaching” enforcement, the growing number of “straight plate” vehicle seizures, the introduction of the Handheld Program, the increase in data-generated summonses, the modernization of the consumer complaint process, and the creation of a clinic with New York Law School enabling law students to gain experience trying consumer complaint cases.

3. Item 4 on the agenda, Adoption of Minutes (June 28, 2013, Commission meeting), was presented to the Commission for approval. A motion was made to adopt the minutes. The motion passed unanimously.

4. Item 5 on the agenda, Base Applications for Determination, was presented to the Commission by Chris Tormey, Director of Applicant Licensing. The following bases were presented for consideration:

**NEW (10):**

- B02658  Ascona Car Service Inc.

B00570  Round Town Private Car Service, Inc.
B01363  Myrtle Avenue Car and Limousine Corp.
5. A motion was made to approve the base station license applications that were recommended for approval and deny the base station licensed recommended for denial. The motion passed unanimously.

6. Item 7, SHL Rules Package, was presented for public hearing and Commission action. TLC General Counsel Meera Joshi introduced the rules which amend dates in the SHL rules to reflect the passage of time between the TLC’s approval of the rules in April of 2012 and the successful resolution of the litigation challenging the rules in June of 2013. Additionally, unnecessary phrases were eliminated and penalty amounts were updated to reflect recently enacted local laws. A public hearing was held and the following people testified: Bill Lindauer, New York Taxi Workers Alliance (“NYTWA”); and Osman Chowdhury, United Taxi Drivers Alliance. A motion was made to adopt the SHL Rules Package, and the motion passed unanimously. The SHL Rules Package was adopted by a vote of six in favor, zero opposed.

7. Item 8, Adjudication Rules, was presented for public hearing and commission action. TLC General Counsel Meera Joshi introduced the rules which relate to the adjudication of summonses and enforcement actions; replace the interim rules established after the former TLC Administrative Tribunal was transferred to OATH, remove the adjudicatory tribunal and hearing procedure sections as a power and duty of the TLC; remove provisions governing jurisdiction over licensee's representatives; create a process by which the Chairperson may review interpretations of TLC rules and regulations made by the Taxi and Limousine Tribunal at OATH; and update sections for vehicle forfeitures to reflect current case law that requires opportunity for a preliminary hearing on the continued retention of the vehicle during the forfeiture process. The rule package as presented differed from the version published in the City Record in that certain terminology was revised to align with TLC’s Rules and, at City Council’s request, a provision was added to clarify that licensees have an affirmative right to have their suspensions lifted once they have met all TLC requirements. A public hearing was held and the following people testified: Peter Mazer, Metropolitan Taxicab Board of Trade; and Bill Lindauer, NYTWA. A motion was made to adopt the Adjudication Rules Package, and the motion passed unanimously. The Adjudication Rules Package was adopted by a vote of six in favor, zero opposed.

8. Item 9, Pilot Proposal, was presented for commission action. VeriFone supplied the commissioners with a presentation explaining the Pilot Proposal, which would allow for rear-facing advertising on certain taxicabs. A motion was made to approve the Pilot Proposal and the motion passed unanimously. The Pilot Proposal was approved by a vote of six in favor, zero opposed.

9. The meeting was adjourned at approximately 11:42 p.m.
Minutes as approved by the Taxi and Limousine Commission on November 21, 2013
