(4) *Calculating Response Time.* For purposes of paragraph (3) above, response time will be calculated in the following manner:

- (i) For trips arranged at least one hour in advance, response time will be calculated from the time at which the vehicle was scheduled to arrive at the passenger’s pick-up location until the vehicle arrives at the passenger’s pick-up location.
- (ii) For all other trip requests, response time will be calculated from when the Accessible Vehicle dispatcher received the request until the vehicle arrived at the passenger’s pick-up location.

- (6) *Fares Charged to Passengers.* An Accessible Vehicle dispatcher and an associated Base cannot charge a passenger more for a trip request received from an associated Base than that associated Base would charge a passenger requesting a non-Accessible Vehicle for the same trip.
