(d) Any material change in the information submitted pursuant to subdivision (a) or (b) of this section shall be reported to the Commission by such union or organization or officer, in a signed and notarized writing, within thirty (30) calendar days thereof.

§ 11-15. Notification of Material Change in Information, Addition of Principal and Change in Composition of Business.

- (a) An applicant for a registration or a photo identification card shall notify the Commission within ten (10) calendar days of any material change in the information submitted in an application or disclosure form submitted pursuant to this subchapter. Subsequent to the issuance of the registration or photo identification card, the registrant or photo identification card holder shall notify the Commission within thirty (30) calendar days of any material change in the information submitted in an application or disclosure form.
- (b) A registrant shall provide the Commission with notice of at least ten (10) business days of the proposed addition of a new principal (other than a person that becomes a principal through the acquisition of outstanding shares of a business whose equity securities are registered under Federal and State securities laws and publicly traded on a national or regional stock or security exchange). The Commission may waive or shorten such period upon a showing that there exists a bona fide business requirement therefor. Except where the Commission determines within such period, based upon information available to it, that the addition of such new principal may have a result inimical to the purposes of this subchapter, the registrant may add such new principal pending the completion of review by the Commission. The registrant shall be afforded an opportunity to demonstrate to the Commission that the addition of such new principal pending completion of such review would not have a result inimical to the purposes of this subchapter. If upon the completion of such review, the Commission determines that such principal lacks good character, honesty and integrity, the registration shall cease to be valid unless such principal divests his or her interest, or discontinues his or her involvement in the business of such registrant, as the case may be, within the time period prescribed by the Commission.
- (c) The registrant shall also notify the Commission within thirty (30) days calendar days, of the ownership composition of the business.
- (d) Any notification pursuant to this section shall be in writing, sworn and notarized.
- (e) For the purposes of this section “material change” shall mean a change in any information provided in response to an item identified as such on an application or disclosure form submitted to the Commission or by any other directive issued by the Commission. “Material change” also includes the occurrence of any event after the submission of an application or disclosure that would have been required to be disclosed on such form had it occurred prior to such submission.

§ 11-16. Acquisitions and Subleases.

- (a) A person who intends to acquire a registered wholesale business or market business shall submit an application for a wholesale business or market business registration pursuant to the provisions of Chapter 1-B of Title 22 of the Code and the rules set forth in this subchapter for a preliminary review of such application by the Commission. Upon the submission of purchase and sale agreement for review by the Commission no later than thirty (30) days before such acquisition or sale is to take effect, the Commission will conduct an expedited application review.

(b) A registrant shall notify the Commission within ten (10) calendar days of contract closing of any change in the capital stock or ownership in the business of the registrant, including but not limited to a stock transfer or sale of the outstanding shares of the business or sale or merger of such business; provided, however, that a business whose equity securities are publicly traded on a national or regional stock or securities exchange shall be required to make disclosure of only such stock transfer or sale required to be disclosed by the Securities Exchange Commission or other Federal or State regulatory body. Such notification shall include a list of any persons formerly possessing ownership interest in the registrant business who will have any beneficial interest in the current business and a copy of the contract or agreement.

(c) Sublessee required to apply for registration. Wholesale businesses and market businesses shall not allow the use by any other person of the registration number or the name of the business to which such registration number has been issued. In the event that a wholesale business or market business seeks to sublease or otherwise allow the use of its premises, or any portion thereof, for the operation of a wholesale business or market business by another person, where such sublease is permitted under the terms of the lease, the Commission may, upon application and payment of the required fee by the prospective sublessee pursuant to the provisions of chapter 1-B of Title 22 of the Code and the rules set forth in this subchapter, issue a registration number to such sublessee. Absent such registration number no wholesale business or market business may permit a sublessee to operate a wholesale business or market business on such premises.

(a) Where the staff of the Commission recommends that the Commission refuse, pursuant to section 22-259 of the Code, to issue a registration to a wholesale business or market business applicant or a photo identification card applicant, the applicant shall be notified in writing of the reasons for the proposed refusal of such registration or photo identification card and that the applicant may, within ten (10) business days of the date of such notification, respond in writing to the Commission setting forth the reasons such applicant believes that it should not be denied such registration or photo identification card. In the exercise of its discretion, the Commission, considering the reasons for the proposed refusal to issue the registration or photo identification card, the nature of the issues raised in connection therewith, and the response submitted by the applicant, may make a final determination regarding the issuance of such registration or photo identification card or afford the applicant such further opportunity to be heard in such proceeding as is deemed appropriate. Violation of the provisions of this subdivision may result in immediate revocation of a suspended registration and/or the imposition of sanctions and penalties as provided in section 22-258 of the Code.

(d) Revocation or suspension of photo identification cards or denial of an application for a photo identification card (including temporary photo identification cards) shall require the immediate surrender of such cards to the market manager.
