

What's Happening Here?

Signalize Pedestrian Crossings

Improve Accessibility

188th Street, Horace Harding Expressway to 69th Avenue Pedestrian Safety Improvements

Clarify Traffic Movements

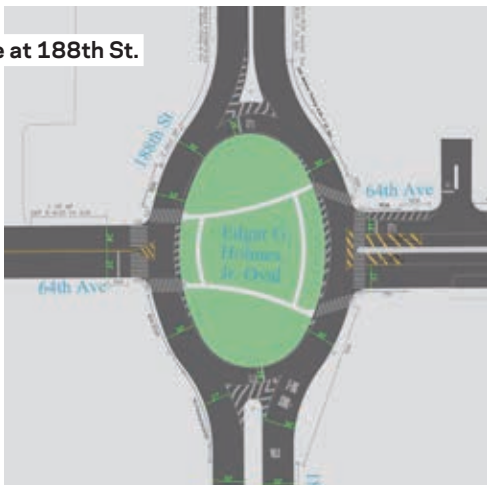

Calm Traffic

NYC DOT will implement pedestrian safety improvements on 188th Street from Horace Harding Expressway to 69th Avenue:

- Signalize all legs of the traffic circle at 188th Street and 64th Avenue
- Expand median tips at the north, east, and south legs
- Install pedestrian island on west leg
- Add pedestrian crossings across south leg
- Upgrade all existing pedestrian ramps to be ADA compliant
- Install markings for two lanes through the circle in both directions
- Install left turn only lane on the northeast leg, which requires adjustments to the curbside regulations and oval configuration for traffic flow

Implementation will begin May 2021

Existing:
Traffic circle at 188th St.
& 64th Ave.

Proposed:
Signalized traffic circle at
188th St. & 64th Ave.
