

# Jackson Heights, QN Slow Zone Fact Sheet

Neighborhood Slow Zones is an application-based program that creates defined areas where the speed limit is reduced from 30mph to 20mph and safety measures are added in order to adjust driver behavior on local streets. The goal of the Neighborhood Slow Zone program is to lower the incidence and severity of crashes and to enhance quality of life by reducing cut-through traffic and traffic noise in residential neighborhoods. NYCDOT uses signs, markings and speed bumps to calm traffic within the Zone.

- Community District 3
- .25 square miles
- Why was this Zone selected?
  - Strong community support
  -  4 schools
  - 4 pre-k / head Start / daycare centers
