

MEMORANDUM

TO: Distribution

FROM: Jay Jaber, P.E.
Assistant Commissioner

DATE: September 22, 2020

SUBJECT: 2020 HOLIDAY CONSTRUCTION EMBARGO

A special Holiday Construction Embargo shall be in effect from 6AM to 11:59PM starting **Tuesday, November 24, 2020** through **Sunday, December 27, 2020**.

As a result, all routine work shall be suspended during the embargo period unless approval for the work is granted by the New York City Department of Transportation's (NYCDOT) Office of Construction Mitigation and Coordination (OCMC). Such suspension shall not apply to emergency work for which an emergency number is obtained by the permittee pursuant to the provisions of section 2-11 of NYCDOT's Highway Rules.

It shall be a violation of NYCDOT's Highway Rules to perform any work on the street during this embargo period without the prior approval of OCMC or the receipt of an emergency number. NYCDOT will strictly enforce this embargo and violators are subject to penalties.

A list of the affected locations and the conditions for this embargo is attached. A map of the affected locations is available on NYCDOT's website at: <http://gis.nyc.gov/doitt/nycitymap/template?applicationName=DOT>

This policy supersedes any and all previously issued policies regarding NYCDOT's Holiday Construction Embargo.

**CITY OF NEW YORK
DEPARTMENT OF TRANSPORTATION
OFFICE OF CONSTRUCTION MITIGATION AND COORDINATION
55 Water Street, 7th Fl.
New York, New York 10041**

2020 HOLIDAY CONSTRUCTION EMBARGO

A special Holiday Construction Embargo (HE) shall be in effect from 6AM to 11:59PM starting **Tuesday, November 24, 2020** through **Sunday, December 27, 2020**. Roadway and sidewalk construction activities will be restricted during the embargo period on the streets listed below. Permit requests for construction activities during Holiday Embargo period should only be submitted for critical reasons for a specific project.

Any permits issued prior to the date of this notice, for work during this embargo period on the streets listed below which do not already have the HE permit stipulation “410” are hereby suspended for the period noted above. All permittees must comply with this embargo unless a special permission is granted by OCMC.

Prior to this embargo period all necessary measures must be taken so that all roadways and sidewalks are in proper condition to allow for the expeditious and safe movement of vehicular, bicycle and pedestrian traffic.

The opening of utility access covers is prohibited on any of the streets noted below between the hours of 6:00 AM and midnight except in cases of emergency where the utility or contractor must first obtain an Emergency Authorization Number as required by section 2-07 of NYCDOT’s Highway Rules. The planned opening of utility access covers may occur during the hours of 12:01AM and 5:59AM where no authorization number is required.

As of August 31, 2017, a new Holiday Embargo (HE) review process has replaced the previously used HE waiver request process used by NYCSTREETS. During the application process, the NYCSTREETS system will automatically identify cases which require additional HE review, and processes them accordingly.

If a permit application includes permit requests to work on embargoed streets within 90 days prior to the start of the HE (**November 24, 2020**), the permittee will be presented with a warning, during the application process, stating that such permit request(s) will be subject to the upcoming HE. If work is planned through the HE period, the critical reasons for the work must be included in the “Work Description” field of the application.

For all permit applications including permit requests to work on embargoed streets through the HE period, the permittee will be automatically charged an additional \$135 HE application review fee. The HE application review fee must be paid in advance before any permit requests within a given application can be reviewed. None of the permit requests included in the application will be available for review by OCMC staff until the HE application review fee is paid. If the HE application review fee is not paid within five (5) calendar days, the entire application will be denied automatically by the NYCSTREETS system. The HE application review fee payment does not guarantee permit request(s) approval.

Permit requests for ongoing construction (permit renewals, reissues and extensions) through the HE period, which already include HE stipulation “410” will not require payment of the HE application review fee and will be processed as usual.

Emergency permits can be submitted as usual. All emergency permit conversion applications for work during HE period will require advanced HE application review fee payment. No Emergency conversion permit request(s) will be reviewed until the HE application review fee payment is received.

All permit requests which are not subject to HE, may be submitted online, and will be processed as usual.

Please note, the deadline for submission of permit applications for work during the HE period, is **Saturday, October 31, 2020**. Starting **Sunday, November 1, 2020**, online submissions of permit applications for work on embargoed streets during the HE period will be disabled.

----- **SPECIAL NOTE** -----

Due to the COVID-19 pandemic and the unpredictability of future special events/activities throughout the city, OCMC will be more flexible in our review of Holiday Construction Embargo waivers. Whenever possible, additional hours will be granted during the embargo period.

*** This embargo only applies to NYCDOT construction activity permits and utility access cover openings.**

** A map of the affected locations is available on the NYCDOT’s website at:
<http://gis.nyc.gov/doitt/nycitymap/template?applicationName=DOT>
(Zoom in and click the “NYC DOT Holiday Embargo” layer under Projects)

Streets subject to the conditions of the Holiday Construction Embargo are as follows:

MANHATTAN

- The area bounded by 66th to 30th Streets: river to river
