

# Dahill Rd at 17<sup>th</sup> Ave and 42<sup>nd</sup> St Intersection Improvements

## Background

- Council Member David Greenfield requested pedestrian safety improvement
- Signals Division approved new traffic signals in January 2015
- Vision Zero Priority Area

## Location

- Three part intersection with only one part signalized, and uncontrolled crosswalk with no pedestrian signal
- Two blocks away from F train Ditmas Ave subway station
- Four schools located within one block

Before: 42<sup>nd</sup> St and 17<sup>th</sup> Ave

## Improvements

- Install additional traffic signal to include 17th Ave and 42<sup>nd</sup> Street with signalized traffic operation
- Install additional pedestrian signals (P5)
- Add three new controlled crosswalks
- Add pedestrian ramps at four corners
- Remove existing stop signs

## Benefits

- Improve vehicular access
- Safer, shorter pedestrian crossing
- Reduces speeding / calms traffic
- Better organizes traffic
