

Fulton and Bedford Intersection Improvements

Background

- Intersection is located with a Vision Zero Priority area and Fulton St is a Vision Zero Priority Corridor
- Pedestrian fatality occurred in 2015 involving a EB left-turning vehicle

Location

- Fulton St is a commercial corridor surrounded by a residential neighborhood
- Bedford Ave has an SBS bus route and bike lanes
- Intersection has misaligned geometry with long crossings

Before Conditions: Bedford Ave Looking North

Improvements

- Install EB left-turn lane

Benefits

- Simpler, safer left turns
