Project Background

- CB5 requested pedestrian safety improvements.
- I.S.119 is East of intersection of 73rd Pl and 78th Ave.
- Many students cross intersection daily to and from school.
- Irregular, offset intersection: Cooper Ave and 78th Ave both T into 73rd Pl.
- Truck route on Cooper Ave connecting through 73rd Pl.
Large number of pedestrians crossing where there is no crosswalk.
Pedestrian Counts

- No crosswalk at point of highest volume
- Mostly children crossing after I.S. 119 lets out

March 20
Midday/PM
Midday (2:15-3:15)
PM (4:30-5:30)
Cooper Ave Proposal

New island for pedestrian safety + blocks straight movement from 78th Avenue

Shorten crossing with expanded curb

New Crosswalk
