Risk Management Group, PLLC

This is for a preliminary design review in compliance with the building standards of the City of New York. The seal and signature of the design professional does not warrant any approval with city agencies such as the Department of Buildings, Department of Transportation and New York City Landmarks Preservation Commission. This review is not considered an approval and does not acknowledge for testing or construction services for progress on special inspections. Project owners and sponsors will be required to submit an independent application to the city agencies for a separate review process as required by law.
