Survey Take-Aways

Respondents are Local

- Relationship to University Place

- I have only visited once
- I attend nearby religious services
- I’m just passing through
- I visit restaurants or bars nearby
- I visit nearby medical facilities
- I shop/run errands nearby
- I visit friends and/or family here
- I go to school here
- I live nearby
- I work nearby

Respondents Visit Often

- How often do you visit?

- I've only visited once
- A few times a year
- Several times a month
- Several times a week
- Daily
Survey Take-Aways

What type of activities do you do on University Place?

- 472: Strolling
- 606: Walking leisurely
- 74: Driving
- 259: Exercise
- 176: Biking
- 134: Outdoor group activities

How would you want to use this street in the future?

- 455: As part of my daily commute
- 599: Strolling
- 248: Walking leisurely
- 247: Driving
- 192: Exercise
- 232: Biking
- 134: Outdoor group activities

Bike Boulevards

Corridor designated and designed for bicycle travel and improved pedestrian safety:

- **Enhance** conventional, shared and signed bicycle routes
- **Calms traffic** with design interventions

Design elements include:

- **Route planning**: direct access to destinations
- **Speed and traffic volume management**: slow vehicle speeds and reduce through vehicle volumes
- **Signs, wayfinding, pavement markings** easy to find /follow
- **Street crossings**: minimal cyclist delay at minor street crossings. Safe and convenient crossings at major streets
