9 METROTECH CENTER BROOKLYN, N.Y. 11201-3857

BUREAU OF FIRE PREVENTION**Emergency Planning and Preparedness Group****FS/EAP Industry Notice # 06/11****Reformatting FS/EAP****prior to acceptance**

The fee structure for the review of a comprehensive FS/EAP is broken down into two categories: New plan submission = \$630 or amendments = \$210 per hour to a maximum of \$630. Some owners are resubmitting plans that have an outstanding Letter of Deficiency but rather than making the prescribed changes the entire plan is being reformatted. Our experience proves this is often the best option. However, it requires the entire plan to be reviewed again. Therefore, any plan that is reformatted prior to its acceptance will have an associated fee of \$630 billed to the owner of record.
