### Special Public Hearings

The Landmarks Preservation Commission will hold a public hearing on the backlog of buildings in the Borough of Staten Island on **October 22, 2015** and encourages interested parties to submit written testimony in advance of that hearing. Each speaker will be given three minutes total to speak, and in that time may address all of the items within Staten Island Group 1, just particular items, or add comments to support written testimony. In order to conduct efficient hearings, we ask speakers to register in advance, and submit their written statements and materials that will be read at the hearing by **October 15, 2015** to [backlog95@lpc.nyc.gov](mailto:backlog95@lpc.nyc.gov).

**BROUGHAM-MALLIEN COTTAGE**  
**4746 AMBOY ROAD, STATEN ISLAND**

This house consists of an early eighteenth century, one story, gable roofed building with an early nineteenth century two-story addition. The eighteenth century massive stone chimney and setting evoke Staten Island's rural heritage. In the early twentieth century the real estate developer and civic leader, Cornelius J. Kolff owned the farmhouse and used it as his office to sell building lots for the Woods of Arden development. The house remains in an excellent state of preservation with a high degree of integrity. The site is now part of Blue Heron Park, Staten Island.
