Proposed Master Plan to Allow Changes to Content of Painted Advertising Sign

Secondary Facade of 305 Canal Street (facing East)

Sign space shall be in the same location and not exceed the existing approved sign area (30' H x 18' W)

Background of sign shall be limited to no more than two colors (inclusive of black and white)

Sign space shall be distinguished from surrounding facade by either a border or background color different from the surrounding area

Distinction of definitions between Photorealistic and Graphic/Illustrative signs with criteria for both

Photorealism: reproduction of an image utilizing shading to achieve a photographic quality painting

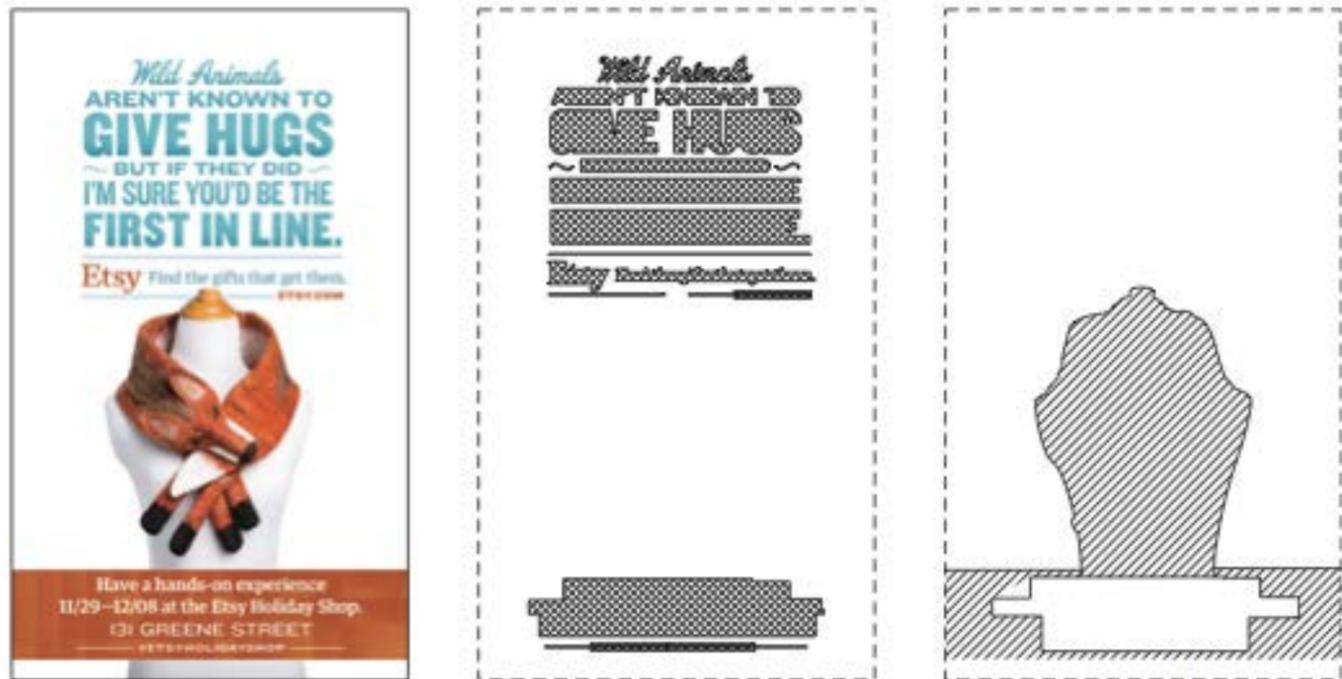

- Black and White photorealistic images not to exceed 80% of sign space (including text)**
- Color photorealistic images not to exceed 50% of the sign space (including text)**

Graphic: Any number of painted colors that are clearly separated with no blending or shading between them

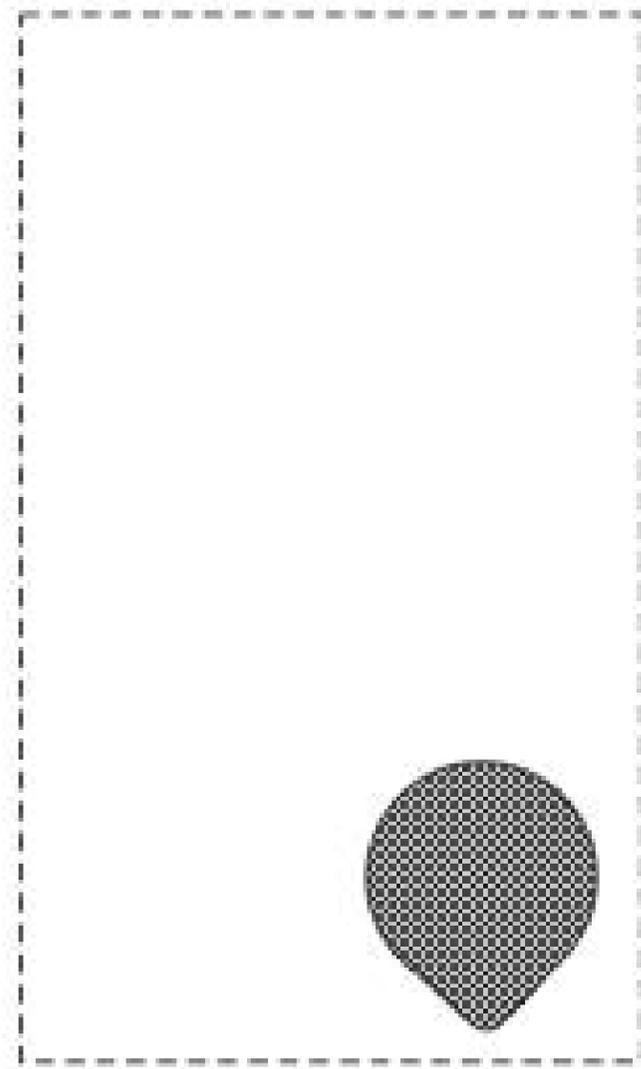

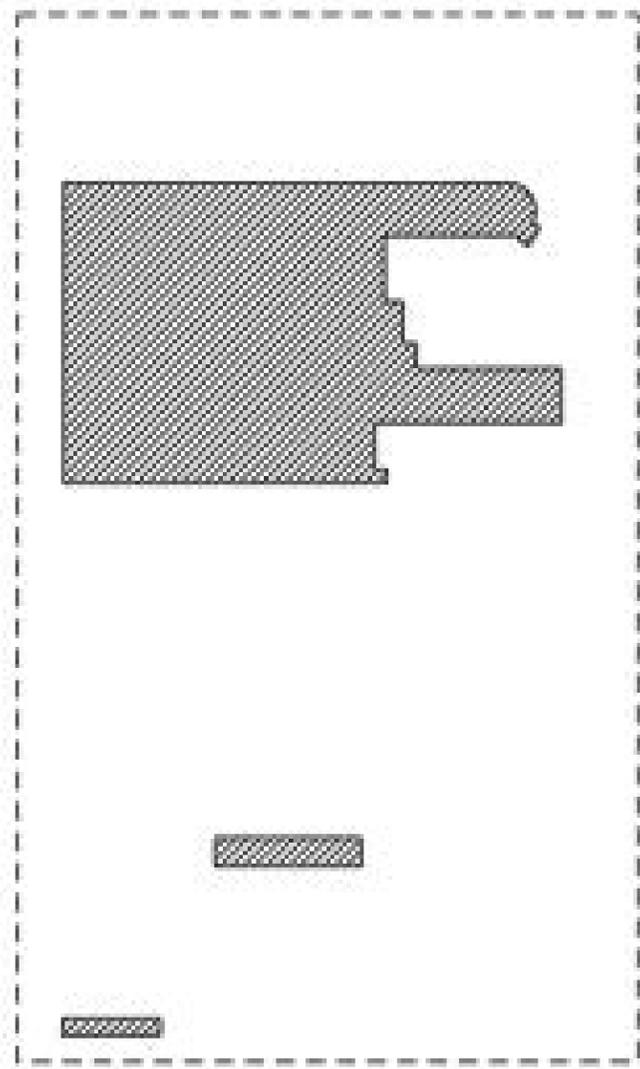

- Graphic images with 5 or more colors not to exceed 50% of sign space (including text)**
- Graphic images with less than 5 colors not to exceed 80% of sign space (including text)**

The term of the master plan permit to allow content changes at staff level shall be for 3 years
