

Industry Notice #09-15
For Immediate Release

July 20, 2009

Attention Vehicle Owners: Get Cash for Clunkers

You may be eligible to receive money from the federal government by trading in your used car for a brand new fuel efficient vehicle! There is a new federal law called the **Car Allowance Rebate System** (CARS) that offers \$3,500 - \$4,500 if you purchase a new car model with more fuel efficiency. The more fuel efficient; the greater the return!

Don't delay! This program runs from July 24th thru November 1st 2009 only while government funding last! See your car dealer for more information.

- Remember, to qualify for this program, your old car must get 18 miles per gallon or less!
- You need to have paid for the registration and insurance of the car for a minimum of one year.
- You have to get rid of the old vehicle (scrap it). The dealer will tell you how much you will make for scrapping the car.

Whatever you earn for scrapping your car will be in addition to the money from the federal government.

You should qualify for this program if you own a Crown Victoria or Lincoln Town Car and replace it with a more fuel efficient car. Other models of cars may also be eligible as well.

For more information please visit www.cars.gov or call 1-866-CAR-7891.
