TLC REMINDS FOR-HIRE VEHICLE DRIVERS THEY CAN PARK FOR FREE AT THE FHV HOLDING LOT AT THE JFK INTERNATIONAL AIRPORT

The NYC Taxi and Limousine Commission (TLC) receives complaints on a regular basis about drivers parking in neighborhoods adjacent to the John F. Kennedy International Airport (JFK) as they wait to pick up their passengers from incoming flights for their pre-arranged dispatch calls.

FREE PARKING AVAILABLE at JFK

We would like to remind all for-hire-vehicle (FHV) drivers that they can park at the holding lot at JFK free of charge, 24 hours a day, seven days a week. The FHV holding lot is located next to the Central Taxicab Holding Lot and is a secure area where drivers can park their vehicles. The lot also has a cafeteria and restroom, shared with taxicab drivers, that is available for you to use.

The lot is open to vehicles with T&LC license plates only and is intended for short-term use. Drivers may not park their vehicle in the holding area overnight. The lot can accommodate up to 59 black car or livery vehicles, 22 stretch limousines, and 15 buses.

We encourage drivers to use the FHV lot at JFK Airport as they wait for passengers instead of parking in nearby neighborhoods. The parking lot is secure and free, and has available service and rest areas. Using the FHV lot will also serve to improve relationships with the surrounding communities, which should help to reduce complaints that result in follow-up enforcement action.

Parking in the FHV Lot is the smart thing to do!
