**MEDALLION TAXICAB DRIVER  
HEALTHCARE SERVICES FEE UPDATE**

Medallion owners and agents are advised that there is a new date for the first payment to TLC for all healthcare fee amounts attributable to the medallions managed by them during the relevant quarter (October 1 - December 31, 2013). The new date is FEBRUARY 1, 2014.

Each medallion owner and agent will receive an invoice or report quarterly from their TPEP provider – similar to the existing process for collection and payment of the \$0.50 MTA tax. This invoice will similarly have February 1, 2014 as the due date for the healthcare fee payments. The payments received by the TLC will be maintained in an independent account, and will be used exclusively for the provision of healthcare and disability services for eligible medallion taxicab drivers. If you have any questions concerning the collection or payment of this fee, please contact [driverhealthcareproject@tlc.nyc.gov](mailto:driverhealthcareproject@tlc.nyc.gov).
